

MINISTRY OF ENERGY

KENYA OFF-GRID SOLAR ACCESS PROJECT

JOB OPPORTUNITIES

RE-ADVERTISEMENT

1.0 Introduction

The Government of Kenya has received financing from the World Bank towards the financing of the Kenya Off-Grid Solar Access Project for underserved counties (K-OSAP). The project covers a period of six (6) years. The project development objective is to increase access to modern energy services in underserved counties of Kenya. The project will be implemented in 14 counties in the North and Northern Eastern parts of Kenya. They counties are Garissa, Isiolo, Kilifi, Kwale, Lamu, Mandera, Marsabit, Narok, Samburu, Taita Taveta, Tana River, Turkana, Wajir and West Pokot. The Project will be implemented by the Ministry of Energy, Kenya Power and Lighting Company (KLPC) and Rural Electrification Authority (REA).

2.0 Project Description

The Project will support four (4) components that are aimed at:

- Electrification of households, public facilities and businesses through mini-grid systems;
- Electrification of households through standalone solar systems and provision of clean cooking solutions for house-holds;
- Electrification of community facilities through standalone solar systems and solar water pumps for communities; and
- Technical assistance, including institutional development, capacity building and project implementation support.

3.0 Vacant Positions

Applications are invited from qualified and competent individuals to fill the following two (2) positions in the K-OSAP Project Coordination Unit (PCU) based at the Ministry.

No.	Job Title	Job Reference No.	No. of Posts
1.	Technical Advisor Solar	KE-MOE-28269-CS-INDV	One(1)
