RE : CONTENT FOR THE PRODUCTION OF THE BEST OF KENYA @ 60 VOL.4

The State Department for Energy is in the process of participating in the production of the *Best of Kenya Publication Vol. IV: Kenya@60*. This publication aims to highlight the achievements and milestones Kenya has made in the last 10 years.

The State Department intends to have a chapter in the publication to showcase achievements made in the sector especially on;

- Renewable Energy development
- Last Mile connectivity
- Transmission infrastructure development

The **Best of Kenya Publication** is published by Global Village Publishers and this year's volume will be distributed during Jamhuri day. It aims to exemplify Kenya's milestones@60 years since independence. Agencies (MDAs) are expected to provide content that will be the publication a success.

The purpose of this letter therefore, is to request you to mobilize your communication departments to prepare reports on milestones achieved in the said period in the Energy Sector with accompanying high resolution photos. The submitted reports will thereafter be processed by the Public Communications Unit for incorporation into the publication. Each Saga will facilitate the subscription cost for a two page advertorial on the publication.

All reports in soft copy should be submitted to [jgicheru15@yahoo.com/](mailto:jgicheru15@yahoo.com) john.gicheru@energy.go.ke , or contact John Gicheru via (0723872538) before 4th October 2024.

Alex K. Wachira, CBS
PRINCIPAL SECRETARY
